### [How to get there](#)

#### [Location](#)

The office is a 10-minute walk from the station. If you are on foot, walk from the station towards the multi-storey car park (Perkins yellow) on the right hand side of Station Road, near the traffic lights. Just before the car park entrance/exit, on the right there's a footpath/cycleway leading to an underpass. Go through the underpass; walk past the steps on your left and bear right, to come up onto Bourges Boulevard, a dual carriageway. The point at which you can cross this road depends on the roadworks.

Look for Asda and the 'Pets At Home' shop ahead of you on the right. Head towards 'Pets At Home' and then walk down the right hand side of this building, keeping it on your left.

Walk past a barrier and small car park; at the end of the 'Pets at Home' building is another barrier which marks the main entrance to the Unex House car park.

The walking route has some areas of uneven surfaces and no drop kerbs. If you have walking difficulties, visual impairment or use a wheelchair you may wish to consider taking a taxi from the station, especially if you are taking this route on your own for the first time.

#### [Car parking](#)

There is limited visitor parking on site; contact the NE reception desk on 0208 026 1774 before your visit to find out if there is a space you can use.

If there isn't, there's ample parking available in the public car parks close by (see Google map - link above).

### [Access to building](#)

Unex House is shared with 3 other companies and the building is open from 7.00am to 7.00pm.

For access into the building, press the Natural England buzzer to the left of the front entrance. The NE office is on the first floor; press the buzzer to the right of the NE office door to gain access.
